Chairman's Message

A Vision Beyond Business

From an early age, I dreamed of building a company that goes beyond creating jobs. I envisioned a place where people can grow, develop their skills, and discover new opportunities for personal and professional success.

At Way-Wise, I believe in second chances and undiscovered potential. If you're someone with unique talent, someone who has carried dreams but has felt overlooked by society, this is your turning point. We don't just hire—we invest in understanding who you are. We analyze, we nurture, and we walk with you on the journey to becoming the person you've always wanted to be. A person your family and friends admire, a professional who contributes meaningfully to the world. Because for us, success is not just about business—it's about building lives.

Firoz Bari, Chairman

CEO's Message

In today's fast-evolving world, technology is more than innovation—it is a catalyst for transformation. We strive to create solutions that solve real challenges while contributing to a better future. Our commitment to innovation goes hand in hand with our values of ethics, data privacy, and sustainability.

Driven by the passion and creativity of our team, we embrace new opportunities and continuously push boundaries. Together, we are dedicated to using technology to create meaningful and lasting positive impact.

Seung Lee, CEO

Director's Message

At Way Wise Tech, I focus on building strong partnerships and creating new business opportunities. As Business Development Director of Way Wise Tech and CEO of AK Printing, I am committed to driving sustainable growth and delivering real value to our clients.

Aiden Khachi, Business Development Director, Way Wise Tech | CEO, AK Printing

OUR Structure

Way Wise Tech is a California, USA-based technology and digital transformation company specializing in custom software development, AI solutions, web and mobile applications, automation systems, and digital growth services.

With a development center in Dubai, UAE, and a skilled team of 25+ developers from different South Asian countries, Way Wise Tech delivers high-quality, scalable, and cost-effective software solutions for businesses worldwide.

The company helps organizations streamline operations, improve efficiency, and accelerate growth through innovative technology, AI-powered systems, and modern digital platforms.

Example of UI/UX Design

Reading Test Website

- Figma • Adobe Photoshop • UX Design
- UI Design • Prototype

Reading Test Website

- Figma • Adobe Photoshop • UX Design
- UI Design • Prototype

AK Sign Web Template

- Figma • Adobe Photoshop • UX Design
- UI Design • Prototype

Email Template

- Figma • Adobe Photoshop • UX Design
- UI Design • Prototype

Our Pricing Structure

Flexible pricing models designed to match your project goals, budget, and business needs. Whether you prefer a fixed scope or ongoing development support, our approach ensures transparency, efficiency, and long-term value.

Fixed Price Model	Hourly Based Price Model
 Share Your Project Goals Tell us what you want to build and the outcomes you expect.	 Submit Your Requirements Share your ideas, tasks, or ongoing development needs.
 Requirement Discovery We review your needs, ask questions, and understand the full scope.	 Project Evaluation Our team analyzes the requirements and estimates the effort.
 Planning & Feedback Together, we refine ideas, features, and project priorities.	 Recommended Hourly Plan We suggest the most suitable time & materials approach.
 Proposal & Timeline Receive a clear quotation, scope, and delivery schedule.	 Development Begins Work starts immediately with flexible resource allocation.
 Project Kickoff Our team begins development with regular updates and communication.	 Track Progress & Hours Monitor development activities, tasks, and time usage.
 Final Delivery & Support Launch your solution with testing, deployment, and ongoing assistance.	 Delivery & Continuous Support Receive completed work with the flexibility to continue as needed.

Way Wise B2B Partners

Growing Together, Succeeding Together
